

## How to get here – directions to Le Clezio from the major Channel Ports:

### From Calais:

Approximate travelling time – 7 hours.

From the ferry port or the Tunnel, join the A16 heading south towards Boulogne sur Mer, continue south to Abbeville and on to the A28 towards Rouen. Before you reach Rouen we suggest taking the A29 towards Le Havre and Caen. After the Honfleur turnoff the A29 joins the A13 to Caen.

Take the ring road south around Caen, heading towards St Lo on the A84, **do not take the St Lo turnoff**, but continue on the A84 towards Le Mont St Michel and Rennes

After Avranches, take the N175, still towards Rennes, but take Junction 33 on to the N176 towards Dinan. You are no longer heading towards Rennes (south) but west to Dinan.

Just after passing Dinan on the N176, take the D766 to CAULNES

Pass through Caulnes, continue on the D766 for about another mile. You will drive UNDER the N12, then come to a T junction where you should turn right into the village of Saint Jouan de l'Isle, then very quickly (200 yards or so) left on to the D166 towards St Meen le Grand.

At the end of the D166 you come to a roundabout, go straight on but then turn right immediately on to the slip road to the N164 – heading towards Loudeac. Continue on the N164, passing the Loudeac turnoff, - the road here changes from dual carriageway to single lane and you should be heading for Brest and Mur de Bretagne.

Stay on the N164 until you reach Mur de Bretagne, you will see a service station and car showroom on your right as you approach Mur, then you will come to a slightly offset crossroads (the N164 doesn't actually go into Mur, but passes to the north of it)

At the junction you turn LEFT on the D35 to Mur and towards Pontivy. If you miss this first turning into Mur don't worry, there is another, the D63, and then yet another, the D767. Whichever you take, it is the D767 which you end up on in Mur itself, heading towards Pontivy. If you take the D35 or D63, you will come to a Junction where you will need to turn left on to the D767 to Pontivy.

Continue on the D767 towards Pontivy. You will reach a roundabout at Neulliac, take the first exit right towards St Aignan and the Lac du Guerledan. Pass through a small suburb of Neulliac called Belle Vue. When you leave Belle Vue, continue down the hill and take the **second** right turn. Continue on this road for about 200 yards and you will find Le Clezio on the left. There are two large stone walls at the entrance.

Please enter by this first entrance on the left which brings you directly to the front of the properties. Please come in this entrance to unload your vehicle. Once you have unloaded your luggage please exit the front of the property, turn left and immediate left again to the parking area at the rear of Le Clezio. There is ample parking for several cars. We would appreciate it if you would continue to use the rear parking area during your stay, as this makes it much safer for everyone on the property.
